V-Cart Folding Plastic and Aluminium Trolley

- The V-Cart is a collapsible trolley that can be used for hundreds of applications.
- It is ideal for use in the workplace, schools, home, office, hospitals, courier services, shopping malls, nursing homes an much more!
- It can be completely collapsed by the push of a button on the handle. The wheels are able to be removed by the push of a button and stored underneath for compact transport and storage.
- The V-Cart is supplied with one collapsible basket which will lock into place on either the top or bottom platform.
- The top platform can be folded back to allow larger items to be transported if required.
- Features support bars that give added stability to the top platform
- Extra baskets are available for use on both platforms or up to 4 baskets can be stacked on the bottom platform.
- A robust foot pedal brake allows the V-Cart to be locked in position whilst loading or unloading.
- The injection moulded plastic and aluminium design means that whilst the V-Cart is lightweight it is still very robust and has a great carrying capacity.
- The basket fits foolscap suspension files, which is great for transporting documents throughout the office.
- The V-Cart can also be used with our standard No.7, No.10.No.15 tubs
